## Accelerated Living Benefits

These benefits are automatically included in your policy. These benefits give the choice to access the death benefit if you have a terminal, chronic or critical illness. If you choose to elect less than the amount illustrated below, the remaining death benefit amount will be higher. This policy gives flexibility and protection at times when you may need it most.

### Terminal Illness

Accelerated benefits rider for terminal illness

Benefit amount shown assumes the maximum election of 100% acceleration of the policy death benefit. \$428,669 payable to the owner.

If 100% of the terminal illness benefit is accelerated, policy coverage terminates at the time of the payment and there would be no death benefit payable to beneficiaries at the insured's death.

### Chronic Illness

Accelerated benefits rider for chronic illness

Benefit amount shown assumes the maximum election of 90% acceleration of the policy death benefit. The benefit is paid out monthly up to 2% for the maximum period of 45 months. Monthly benefit amount depends upon the severity of the chronic illness and its impact upon life expectancy.

**Estimated Maximum Monthly Accelerated Payout**

Age at Claim	SEVERITY		
	Moderate	Severe	Life Threatening
37	\$4,279	\$5,962	\$8,274
45	\$4,777	\$6,454	\$8,493
54	\$5,398	\$6,921	\$8,649

Remaining policy death benefit in effect after the maximum payout = \$50,000.  
Premiums will be reduced proportionately and will continue to be payable on the reduced death benefits remaining.

### Critical Illness

Accelerated benefits rider for critical illness

Benefit amounts shown assumes an election of 90% acceleration of the policy death benefit. Benefits are based on the severity of the illness and its impact upon life expectancy.

**Estimated Maximum Accelerated Payout**

Age at Claim	SEVERITY		
	Moderate	Severe	Life Threatening
37	\$217,394	\$306,386	\$391,439
45	\$238,399	\$318,757	\$395,809
54	\$260,849	\$330,064	\$397,872

Remaining policy death benefit in effect after the maximum payout = \$50,000.  
Premiums will be reduced proportionately and will continue to be payable on the reduced death benefits remaining.

• Severity is based on the effect the illness has on the insured's life expectancy (per the industry standard 2001 CSO mortality table). Moderate means life expectancy is reduced 50%; severe means life expectancy is reduced 70%; and life threatening means life expectancy is reduced 90%.

### Basic Life Insurance Quote

<b>Advantage Term ICC09 TL12 0709 (may vary by state)</b>	The Alliance Solutions Advantage Term life insurance Policy You are considering provides a level Death Benefit until age 95. If the Insured dies prior to age 95 and the Policy is still In Force, the Policy's Death Benefit will be paid to Your Beneficiary. This quote, or any other quote, is not considered a proper written request for Policy changes or termination of benefits.
<b>Conversion</b>	While In Force You may convert the Policy, without evidence of insurability, to a permanent life insurance Policy, of equal or lesser amount, offered by the Company at the time of conversion, subject to the Issue Age and amount limits of the new Policy. The conversion must occur prior to the earlier of Age 70 or the first premium increase date.
<b>Riders</b>	No riders are included in this quote.
<b>Other Benefits</b>	The benefits below are either automatically included or optional as part of Your Policy.
<b>Terminal Illness Accelerated Death Benefit Rider</b>	<b>Terminal Illness Accelerated Death Benefit Rider:</b> Eligibility for the Terminal Illness Accelerated Death Benefit Rider is determined by a condition resulting from injury or illness which, as determined by a physician, has reduced life expectancy to not more than 12 months, not more than 24 months in TX, GA, IL, MA and WA, from the date of the physician's statement. The Policy's benefits and values will be reduced proportionally in accordance with the benefits advanced under this rider. Benefits advanced under this rider may be subject to taxation.
<b>Chronic Illness Accelerated Death Benefit Rider</b>	<b>Chronic Illness Accelerated Death Benefit Rider:</b> Allows the policyowner to accelerate the death benefit if the insured becomes chronically ill. Chronically ill means that the insured has been certified, within the last 12 months, by a licensed health care practitioner as being unable to perform two of the six activities of daily living without assistance from another person, or being severely cognitively impaired for at least 90 consecutive days. The activities of daily living include: bathing, continence, dressing, eating, toileting and transferring. No accelerated benefits will be paid under this rider during the first 2 years it is in effect. After a 90 day waiting period, the policyowner can accelerate up to 24% of the initial death benefit amount annually. The benefit can also be accessed monthly up to 2%; quarterly up to 6% or semi-annually up to 12% of the death benefit. The maximum amount of lifetime benefits that can be accelerated for an insured is 90% of the initial face amount or \$500,000, whichever is less. However the actual payment will be, minus adjustments, less than the portion of the death benefits accelerated because the benefits are paid prior to death. Benefits may be subject to taxation. Benefits vary by jurisdiction, please see rider for details.
<b>Critical Illness Accelerated Death Benefit Rider</b>	<b>Critical Illness Accelerated Death Benefit Rider:</b> Allows the policyowner to accelerate the death benefit if the insured becomes critically ill. A critical illness is one of the qualifying events: heart attack, stroke, ALS (Lou Gehrig's disease), diagnosis of certain cancers, kidney failure and major organ transplant. After a 30 day waiting period, the policyowner can access the death benefit up to the maximum total amount of lifetime benefits for an insured under all accelerated death benefit riders, which is \$500,000. However the actual payment will be, minus adjustments, less than the portion of the death benefits accelerated because the benefits are paid prior to death. Benefits may be subject to taxation. Benefits vary by jurisdiction, please see rider for details.
<b>Unemployment Benefit Rider</b>	<b>Unemployment Benefit Rider:</b> This extra benefit provides for waiver of monthly premium payments deposited into Your Policy Value in the event of involuntarily unemployment for three consecutive months after a 90 day waiting period. Once this benefit is paid, this rider will Terminate. The Unemployment must begin while this rider and the Policy are In Force, and prior to the Expiry Date. There is no premium for this rider.
